NexTemp® Ultra
Single-Use Clinical Thermometer

1 full-minute signal retention time
Clinical accuracy
Helps to prevent cross infection
Convenient to use
Easy to store
Latex-Free
Non-Toxic
Economical
**NexTemp® Ultra**

THE CONVENIENT, ACCURATE, ECONOMICAL THERMOMETER.

**Convenient and Economical:** NexTemp thermometers are less expensive than any other type of thermometer. They require no special storage conditions, batteries, covers or recalibration processes.

**Accurate:** NexTemp color-change thermometers have been proven under strict clinical conditions.

**Safe:** NexTemp replaces dangerous glass/mercury, digital electronic and tympanic thermometers. NexTemp thermometers and packaging contain no latex and are non-toxic. They comply with ASTM E1299-96 safety requirements. NexTemp is designed to reduce the risk of cross-infection or reinfection that could occur with other thermometer systems.

---

**NexTemp® Disposable and Reusable Thermometers**

**Convenient and Versatile:** NexTemp can be used for oral, axillary and with the NexTemp sheath, for rectal temperatures.

**Directions: Oral Use.** Place dot end of the thermometer far back under tongue like a conventional glass thermometer. Wait at least ONE MINUTE before removing. Remove thermometer and READ IMMEDIATELY.

**Directions: Axillary Use.** Place thermometer high in the axilla (armpit) with the dot-matrix against the torso and parallel to the length of the body. Close arm to hold thermometer in place. Wait at least THREE MINUTES before removing. Remove thermometer and READ IMMEDIATELY.

**To Read:** The last dot to turn black indicates the correct temperature. The thermometer will reset itself after approximately 60 seconds. Normal oral and axillary temperatures are between 97°F and 99°F (36.1°C and 37.2°C).

![Image showing thermometer dots and instructions]

**Accuracy:** All NexTemp — ±0.2°F (0.1°C) within the critical range of 98.0 to 102.0°F (37.0 to 39.0°C).

**Ordering Information**

**NexTemp® Ultra**

- **Individually Wrapped**
  - 8000-20°F
  - 2000 units
- **Single-Use Latex-Free**
  - 8200-20°C
  - (20 Box Case)
- **Clinical Thermometers (100 Units/Box)**

**Other Ordering Information**

**Disposable Oral/Axillary Thermometers**

- **Individually Wrapped**
  - NexTemp Single-Use Latex-Free
  - 1112-20°F
  - 2000 Units
- **NexTemp Clinical Thermometers (100 Units/Box)**
  - 2112-20°C
  - (20 Box Case)
- **Reusable Oral/Axillary Thermometers**
  - NexTemp Personal Thermometer
  - 3172-12°C
  - (6 Box Case)
  - Stock Emergency Imprint (60/Box)
  - 3072-12°F
  - 72 Units
- **NexTemp Latex-Free Personal Thermometer**
  - 1211-20°F
  - 1000 Units
- **Medical Indicators Imprint (50/Box)**
  - 2211-20°C
  - (20 Box Case)

**Rectal Thermometers**

- **NexTemp Plus Single-Use Latex-Free 1117-20°F**
  - 2000 Units
- **Thermometer with Sheath Cover (100 Units/Box)**
  - 2117-20°C
  - (20 Box Case)

**Underarm Thermometers**

- **Traxit Wearable Stick-on Latex-Free**
  - 1313-20°F
  - 2000 Units
- **Underarm Thermometers (100 Units/Box)**
  - 2313-20°C
  - (20 Box Case)
  - 1313-14°F
  - 400 Units
  - 2313-14°C
  - (4 Box Case)
